What did the instructor do to help you learn?

Comments
He helped me learn the proper techniques for CPR and First Aid.
Better CPR techniques and first aid care.
He used videos, PowerPoints and allowed us to practise the content often
Lots of repetitive hands on activity to really make sure we knew what we were doing

What could the instructor do to improve?

Comments
He was a great professor as is, doesn't need to improve.
Maybe give more review handouts.
Nothing

Do you have any other information that you would like your instructor to know?

Comments
I loved the hands on activities and that if we got our stuff done, we got out earlier.
