

Doctor of Education (EdD) Program

HHD 3115 – 1011: Health Promotion Policy and Program Implementation

Spring 2022
Virtual - Online

January 15, February 5, March 5, April 2 / 1:00 pm – 5:00 pm

Instructor: Sharon E. Ross / seross@pitt.edu / 412-383-4042

Office Hours: By Appointment

Grading: Letter

The syllabus is a required text. Please read it carefully!

Mission/Vision of the School of Education

We ignite learning. We strive for well-being for all. We teach. We commit to student, family, and community success. We commit to educational equity. We advocate. We work for justice. We cultivate relationships. We forge engaged partnerships. We collaborate. We learn with and from communities. We innovate and agitate. We pursue and produce knowledge. We research. We disrupt and transform inequitable educational structures. We approach learning as intertwined with health, wellness, and human development. We address how national, global, social, and technological change impacts learning. We shape practice and policy. We teach with and for dignity. We think. We dream. We lead with integrity. We are the School of Education at the University of Pittsburgh.

Doctor of Education (EdD)

The University of Pittsburgh is a center for excellence in professional programs, and the School of Education school-wide Doctor of Education (EdD) program is grounded in this **commitment to excellence**. The program prepares working professionals to become **leader scholar practitioners** to develop *specialized knowledge in their area of concentration and apply their intellectual and practical skills to address and mitigate enduring problems affecting children, families, and communities*.

Course

I. Rationale:

This course is one of four HPA ARCO courses required in the EdD program of study. The course is intended to develop basic skills surrounding promotion of a healthy lifestyle, including but not limited to physical activity and nutrition, through policy and program implementation.

II. Description:

This course investigates the impact of legislation, policies, and implementation on individuals' and populations' health behaviors and outcomes. Centering on the conceptualization of your Problem

of Practice, this course will explore: a) health promotion program implementation and challenges to implementation; b) evidence-based policies, practices, interventions, and services; and c) advocacy partnerships and organizations. This course will also integrate discussions of social justice and equity in health promotion policy and program implementation. You will analyze these problems and their causes with the goal to craft and advocate for policies that promote health equity for individuals and populations. Over the course of the semester, you will develop the art of analytical health writing through monthly assignments culminating in the production of the Problem of Practice Statement draft.

III. Course Aims and Outcomes:

Aims

This course is designed to provide you with requisite tools and analytical constructs to use evidence to implement healthy lifestyle programs and inform policy based on evidence.

Specific Learning Outcomes:

By the end of this course, you will:

1. Investigate the impact of legislation, policies, and implementation on individuals' and populations' health behavior and outcomes.
2. Recall health promotion program challenges to implementation, evidence-based policies, practices, interventions, and services, and advocacy partnerships and organizations.
3. Discuss issues of social justice and equity in health promotion policy and program implementation.
4. Analyze health problems and their causes with the goal to craft and advocate for policies that promote health equity for individuals and populations.
5. Produce an initial draft or revised draft of the Problem of Practice Statement by the end of the course.

IV. Doctoral Requirements:

By the end of this course, 1st year students will complete EdD Milestone #1: Problem of Practice Statement. This document will be drafted over the course of the semester. The Problem of Practice statement will need to be approved by your advisor as part of the requirements for this ARCO 2 course.

Second year students will revise and update their initial Problem of Practice Statement and continue to meet with your advisor to refine your problem of practice and dissertation in practice plan.

V. Format and Procedures:

Online Course Format: This is a hybrid online course with four synchronous meetings (each month) and asynchronous weekly readings, activities, and assignments between classes (see Course Schedule for details). We will meet once a month on Saturdays on Zoom and online via Canvas. (<https://canvas.pitt.edu>). I expect that you will come to class prepared and ready to engage the materials and your colleagues. During asynchronous times, I expect that you will complete and upload assignments in accordance with the dates outlined in the Course Schedule section of this syllabus. In addition to the class time outlined in the schedule, you are expected to spend an additional 12 hours outside of the daily class time in active exploration of resources, reading, and completing assignments. Additionally, you can expect to spend time preparing for class by reading, studying, and completing assignments.

Attendance: It is expected that all students are present at every synchronous meeting. See the complete attendance policy later in this document. You are expected to come to class and participate in online modules having completed all readings and assignments by the deadlines set forth on Canvas. This is an advanced-level course and you are expected to evidence willingness to demonstrate that level of commitment. Minimal engagement will not be sufficient at this level of

study. Over the semester, you will also be asked to participate by means of providing written or verbal feedback to peers on assignments and in-class presentation of regulatory reviews.

VI. Course Requirements:

1. Course readings and where they are available:

(a) Fertman, C. I., Allensworth, D. D. (2017). *Health Promotion*

Programs: From Theory to Practice. 2nd Ed. San Francisco, CA: Jossey-Bass.

Also available online through the Pitt library:

https://pitt.primo.exlibrisgroup.com/permalink/01PITT_INST/1sjtb5p/alma9998509234806236

(b) Emihovich, C. & Herrington, C. (1997). *Sex, Kids and Politics: Health Services in Schools*. New York, Teachers' College Press.

(c) Buss, R.B. & Zambo, D. (n.d.). A Practical Guide for Students and Faculty in CPED – Influenced Programs Working on an Action Research Dissertation in Practice. (Canvas)

(d) Mintrop, R. (2016). *Design-based school improvement: A practical guide for education leaders*. Cambridge, MA: Harvard Education Press.

Available online through the Pitt library:

at <http://pitt.idm.oclc.org/login?url=http://search.ebscohost.com/login.aspx?direct=true&scope=site&db=nlebk&db=nlabk&AN=1990389> **Excerpts: Chapters 1 and 2**

(e) Perry, Zambo, D., & Crow, R. (2020). *The Improvement Science Dissertation in Practice: A Guide for Faculty, Committee Members, and Their Students*. Myers Education Press.

Available online through the Pitt library: <https://ebookcentral.proquest.com/lib/pitt-ebooks/detail.action?docID=6260836> **Excerpt: Chapter 3**

(f) Hinnant-Crawford. (2020). *Improvement science in education: a primer*. Myers Education Press.

Available online through the Pitt library: <https://ebookcentral.proquest.com/lib/pitt-ebooks/detail.action?docID=6260836> **Excerpt: Chapter 3**

(g) Additional assigned readings will be posted on Canvas within weekly Module folders.

2. Assessments of Learning

A. Discussion Forums (20 points)

You will be required to respond to instructor-led prompts related to the readings and resources and post subjects, comment, and discuss accordingly on those posted by peers on Canvas. There will be 4 discussion boards over the semester worth 5 points each. Specific due dates will be posted on Canvas along with a grading rubric. The instructor will observe the quality and quantity of student participation in class and online, and will offer feedback as appropriate.

B. Problem of Practice Statement (40 points)

In this course, you will engage in the iterative and dynamic process of drafting, reviewing, and revising your Problem of Practice Statement (EdD Milestone #1). For the 1st year students, this four section document will be the springboard for EDUC 3009 Review of Supporting Scholarship course you will take in the summer. In general, EdD students have begun considering possible problems of practice during their summer on-ramp experience and continued this process during the Fall term of Year 1. In this course, you will prepare a **draft** of the Problem of Practice Statement to be approved by the instructor of the course and later by your advisor.

For the 2nd year students, this revised and refined Problem of Practice statement will incorporate your current conceptualization of the problem and will lay the groundwork for the Problem Statement section of your Dissertation Overview document that you will produce in the summer.

The **Problem of Practice Statement** is a 3-5-page document in APA 7th Ed style that:

1. Identifies the topic of interest
2. Describes why the topic is important
3. Explains the scope of inquiry, or the specific context in which the problem exists
4. Articulates questions to guide a review of supporting scholarship related to the problem of practice

When identifying a problem of practice, advisors should guide students to identify a problem that is:

- within the student's locus of control
- reasonable in terms of scope and timeframe
- relevant and important to the student, the student's context, and the larger community of practice

C. Regulatory Reviews (40 points)

Over the semester, you will complete three **Regulatory Reviews** that describe regulatory actions (legislation, policies, notices, rules, proposed rules, president documents, etc.) that are under development or recently completed by Government Agencies (Federal, State, Local) related to your problem of practice/topic of interest. You will examine barriers across multiple levels (professional, ideological, etc.) and social justice issues raised by the regulatory actions. Summaries will discuss implications and consequences for PA and nutrition program implementation. The reviews are worth 10 points each.

These assignments culminate with you preparing a **Problem of Practice Personal Policy Agenda** (10 points). In this final assignment, you will present how to tailor, fit, and accommodate ("politics of design") the implications and consequences raised by the policy and regulatory actions highlighted in previous assignments. You will also present an advocacy agenda for your own problem of practice to impact implementation that articulates potential legislation, regulations, comments on legislation and regulations, as well as identify advocate organizations, lobbyist, partnerships, and collaborations.

The pertinent regulatory Agencies can include but not be limited to the U.S., State, and Local Department of Agriculture, Department of Health and Human Services, Department of Education, Department Of Transportation, Department of Housing and Urban Development, and Equal Employment Opportunity Commission. Legislative actions may include but are not limited to nutrition, PA, built environment, diabetes, obesity prevention, local wellness policies, transportation safety, fair housing, health care access, vulnerable populations, and preventive services.

VII. Resources for Regulatory Reviews & Discussion Boards

A. Legislative and regulatory actions resources:

1. Federal Register (<https://www.federalregister.gov>) is the official journal of the federal government of the United States that contains government agency rules, proposed rules, and public notices. It is published daily, except on federal holidays. The final rules promulgated by a federal agency and published in the Federal Register are ultimately reorganized by topic or subject matter and codified in the Code of Federal Regulations (CFR), which is updated annually.

2. The White House Office of Management and Budget has released a [Fall 2021 Agency Statements of Regulatory Priorities](#), including the [U.S. Department of Health and Human Services](#). An introduction to the Plan [can be found here](#).
3. [National Academy for State Health Policy](#) includes a Policy Search with [regular policy briefs](#) in 7 key areas, including maternal/child/adolescent health and chronic/complex populations.
4. Pennsylvania General Assembly (<http://www.legis.state.pa.us>). Receive the latest updates regarding legislation and committee activity using PaLegis Notifications (<http://www.legis.state.pa.us/login>) Some key features include:
 - a. Receive alerts on recent committee votes, meeting announcements, and bill referrals.
 - b. See all legislative activity in the House and/or Senate for the day.
 - c. Track individual pieces of legislation, and receive alerts only on that legislation
5. The [USDA Food and Nutrition Service](#) webpage has [FNS Resources](#) with an advanced search where you can explore by topic, program, policy memo, or resource type (e.g., legislation, comment request, federal register documents)
6. The National Youth Sports Strategy (NYSS)- “an essential resource for policymakers and key decision-makers in youth sports” <https://health.gov/our-work/nutrition-physical-activity/national-youth-sports-strategy>
7. [The National Physical Activity Plan](#) is a comprehensive set of policies, programs, and initiatives designed to increase physical activity in all segments of the U.S. population. The Plan is comprised of [Overarching Priorities](#) and Strategies for each of the [nine societal sectors](#).
8. The Center for Science in the Public Interest has been providing advice and advocacy toward a healthier food system since its founding in 1971. [Their website is updated regularly](#) with information to conduct innovative research and advocacy programs in health and nutrition, and to provide consumers with current, useful information about their health and well-being.
9. [The Trust for America’s Health \(TFAH\)](#) is a non-partisan public health policy, research and advocacy organization. Their website highlights Health Issues and [their reports](#) provide evidence-based policies and programs shown to help address these issues and promote optimal health for all. A few that may be of interest: [State of Obesity 2021: Better Policies for a Healthier America](#) and [A Blueprint for the 2021 Administration and Congress](#)
10. [The de Beaumont Foundation's CityHealth project](#) announced a package of nine proven policies designed to impact the health of residents of America's cities. Check out their [2020 Policy Assessment](#) report here.

B. Listserv resources

1. Trust For America’s Health - Wellness and Prevention Health Reform Digest <https://tfah.wufoo.com/forms/m1vbfkwjogmybfo/>
2. Community Catalyst <http://www.communitycatalyst.org/about>
3. The Weekly Memo from Paul Keckley <http://www.paulkeckley.com/>
4. FamiliesUSA Health Action List - <https://familiesusa.org/sign-up/>
5. Voices for Healthy Kids Action Center - <https://voicesforhealthykids.org/take-action/sign-up>

6. George Washington Listserv listing: <http://publichealth.gwu.edu/services/career-center/public-health-newsletters-and-list-servs>
7. National Association of County and City Health Officials <https://www.naccho.org/communications/publications>
8. American Public Health Association e-Newsletter – including Legislative Updates and Center for Public Health Policy e-newsletters - <https://www.apha.org/what-is-public-health/newsletter-signup>
9. Kaiser Family Foundation – Kaiser Health News: <https://khn.org/email-signup/>

VIII. Feedback and Grading Procedures:

Feedback:

Feedback is essential for high quality learning and teaching. Therefore, I am committed to giving you individual, detailed, and timely feedback so that you can improve your learning on future assignments. In this class, unless stated otherwise, I will provide feedback for each assignment within 1 week after submission.

Grading Scale:

| % | Letter Grade | % | Letter Grade |
|--------|--------------|-------------|--------------|
| 97-100 | A+ | 77-79 | C+ |
| 94-96 | A | 74-76 | C |
| 90-93 | A- | 70-73 | C- |
| 87-89 | B+ | 60-69 | D |
| 84-86 | B | 59 or below | F |
| 80-83 | B- | | |

University & Course Policies and Tips

Use of Technology: This course uses a Canvas web site provided through the University. To access this, go to <http://canvas.pitt.edu> and log on using your Pitt user name and password. Or, you can go to www.my.pitt.edu and access the Canvas site there. For help logging onto the course, call 412-624-HELP. This help is available 24/7. The instructors cannot assist you with log-on problems.

Course Format: According to the University's definition of a credit hour, a one-credit course should have 14 contact hours, where a contact hour is 50 minutes of instruction. Thus a 3-credit course should have 2100 minutes of instruction (50 minutes/hour x 14 hours x 3 credits = 42 hours), and a two-credit course has 1400 minutes or 28 hours of instruction. In addition, students are expected to spend a minimum of 1.5 hours outside of class for each in-class hour. Therefore, you need to spend 1.5×28 course hours = 42 hours across 11 weeks, in addition to the core of 28 hours. This includes reading, completing weekly exercises, and working on graded assignments.

Attendance: Regular and prompt attendance in the class sessions is an essential part of the educational experience in the EdD program. Due to the hybrid nature and limited face-to-face/synchronous time, missing any given session constitutes a significant portion of the time for interaction with instructors and peers.

Although students are expected to attend all class sessions, working professionals sometimes find themselves in circumstances that cause them to miss these class meetings. Exceptions may be made for a required **work-related commitment, illness, or valid emergency**. In such cases, students need to contact the course instructor to determine if there is any way to make up missed classwork.

If you are going to be absent for class because of a required work-related commitment, illness or valid emergency, please follow the following instructions:

1. Email the course instructor(s) with a copy to your advisor with the reason for missing the class.
2. Complete the course or instructor specific make up requirements for missed classes prior to the next class meeting.
3. Adhere to the acceptable reasons for missing class outlined in the policy above. Please note that they do not include vacation and/or personal events.

Incomplete Grades: For this course, an "I" (Incomplete) Grade will be granted only if the student has actively attended to the course requirements but needs extended time to complete the required work to meet minimum expectations. If an Incomplete grade becomes necessary, the instructors will require you to propose a plan of action outlining how you will complete the work within no more than one term from the end of the course (and preferably a shorter period of time).

Statement on Classroom Recording: To ensure the free and open discussion of ideas, students may not record classroom lectures, discussion and/or activities without the advance written permission of the instructor, and any such recording properly approved in advance can be used solely for the student's own private use. For any recorded synchronous Zoom meetings, the instructor will let the students know ahead of time and they will have the option to leave their video off the screen. These recordings will only be shared with other students in the class.

Email Communication: Each student is issued a University e-mail address (username@pitt.edu) upon admittance. This e-mail address may be used by the University for official communication with students. Students are expected to read e-mail sent to this account on a regular basis. Failure to read and react to University communications in a timely manner does not absolve the student from knowing and complying with the content of the communications. The University provides an e-mail forwarding service that allows students to read their e-mail via other service providers (e.g., Hotmail, AOL, Yahoo). Students that choose to forward their e-mail from their pitt.edu address to

another address do so at their own risk. If e-mail is lost as a result of forwarding, it does not absolve the student from responding to official communications sent to their University e-mail address.

Statement on Scholarly Discourse: In this course we will be discussing very complex issues of which all of us have strong feelings and, in most cases, unfounded attitudes. It is essential that we approach this endeavor with our minds open to evidence that may conflict with our presuppositions. Moreover, it is vital that we treat each other's opinions and comments with courtesy even when they diverge and conflict with our own. We must avoid personal attacks and the use of ad hominem arguments to invalidate each other's positions. Instead, we must develop a culture of civil argumentation, wherein all positions have the right to be defended and argued against in intellectually reasoned ways. It is this standard that everyone must accept in order to stay in this class; a standard that applies to all inquiry in the university, but whose observance is especially important in a course whose subject matter is so emotionally charged.

Equity, Diversity, and Inclusion: The University of Pittsburgh does not tolerate any form of discrimination, harassment, or retaliation based on disability, race, color, religion, national origin, ancestry, genetic information, marital status, familial status, sex, age, sexual orientation, veteran status or gender identity or other factors as stated in the University's Title IX policy. The University is committed to taking prompt action to end a hostile environment that interferes with the University's mission. For more information about policies, procedures, and practices, visit the [Civil Rights & Title IX Compliance web page](#).

We ask that everyone in the class strive to help ensure that other members of this class can learn in a supportive and respectful environment. If there are instances of the aforementioned issues, please contact the Title IX Coordinator, by calling 412-648-7860, or e-mailing titleixcoordinator@pitt.edu. Reports can also be [filed online](#). You may also choose to report this to a faculty/staff member; they are required to communicate this to the University's Office of Diversity and Inclusion. If you wish to maintain complete confidentiality, you may also contact the University Counseling Center (412-648-7930).

Accessibility: The Canvas LMS platform was built using the most modern HTML and CSS technologies, and is committed to W3C's Web Accessibility Initiative and [Section 508](#) guidelines. Specific details regarding individual [feature compliance](#) are documented and updated regularly.

Disability Services: If you have a disability for which you are or may be requesting an accommodation, you are encouraged to contact both your instructor and [Disability Resources and Services \(DRS\)](#), 140 William Pitt Union, (412) 648-7890, drsrecep@pitt.edu, (412) 228-5347 for P3 ASL users, as early as possible in the term. DRS will verify your disability and determine reasonable accommodations for this course.

University Notifications: The University offers an Emergency Notification Service (ENS) which is used to communicate with subscribers through voice, text, and email messages, as deemed appropriate in the event of an emergency. For instructions on how to register, please refer to CSSD's website: <http://technology.pitt.edu/services/emergency-notification-service>.

Any changes to normal University operations will be announced as early as possible through the ENS, the University's official website (www.pitt.edu), Twitter (@PittTweet), and local news media outlets.

Gender Inclusive Language Statement: Language is gender-inclusive and non-sexist when we use words that affirm and respect how people describe, express, and experience their gender. Just as sexist language excludes women's experiences, non-gender-inclusive language excludes the experiences of individuals whose identities may not fit the gender binary, and/or who may not identify with the sex they were assigned at birth. Identities including trans, intersex, and genderqueer reflect personal descriptions, expressions, and experiences. Gender-inclusive/non-sexist language acknowledges people of any gender (for example, first year student versus freshman, chair versus chairman, humankind versus mankind, etc.). It also affirms non-binary

gender identifications, and recognizes the difference between biological sex and gender expression. Students, faculty, and staff may share their pronouns.

Academic Integrity Guidelines: Students in this course will be expected to comply with the [University of Pittsburgh's Policy on Academic Integrity](#). Any student suspected of violating this obligation for any reason during the semester will be required to participate in the procedural process, initiated at the instructor level, as outlined in the [University Guidelines on Academic Integrity](#). This may include, but is not limited to, the confiscation of the examination of any individual suspected of violating University Policy. Furthermore, no student may bring any unauthorized materials to an exam, including dictionaries and programmable calculators.

To learn more about Academic Integrity, visit the [Academic Integrity Guide](#) for an overview of the topic. For hands-on practice, complete the [Understanding and Avoiding Plagiarism](#) tutorial.

Provided here is the School of Education [Academic Integrity Policy](#). Please read the policy carefully.

School of Education Grievance Procedures: The purpose of grievance procedures is to ensure the rights and responsibilities of faculty and students in their relationships with each other. When a student in the EdD program believes that a faculty member has not met his or her obligations (as an instructor or in another capacity) as described in the [Academic Integrity Guidelines](#), the student should follow the procedure described in the Guidelines (See below) by (1) first trying to resolve the matter with the faculty member directly; (2) then, if needed, attempting to resolve the matter through conversations with their EdD advisor; (3) if needed, next talking to the associate dean of the school; and (4) if needed, filing a written statement of charges with the school-level academic integrity officer.

The more specific procedure for student grievances is as follows:

1. The student should talk to the faculty member to attempt to resolve the matter.
2. If the matter cannot be resolved at that level, the student should talk to their doctoral advisor.
3. If the matter remains unresolved, the student should talk to the coordinator of the EdD program, Dr. Tom Akiva.
4. If the matter remains unresolved, the student should next talk to the SOE associate dean of students (Dr. Shederick McClendon).

The School of Education [Policies and Forms](#) page on the SOE website explains several policies and procedures, including academic probation, course repeats, leaves of absence, monitored withdrawal, transfer credits, and statute of limitations.

Health and Safety Statement: During this pandemic, it is extremely important that you abide by the [public health regulations](#), the University of Pittsburgh's [health standards and guidelines](#), and [Pitt's Health Rules](#). These rules have been developed to protect the health and safety of all of us. Universal [face covering](#) is required in all classrooms and in every building on campus, without exceptions, regardless of vaccination status. This means you must wear a face covering that properly covers your nose and mouth when you are in the classroom. If you do not comply, you will be asked to leave class. It is your responsibility have the required face covering when entering a university building or classroom. For the most up-to-date information and guidance, please visit coronavirus.pitt.edu and check your Pitt email for updates before each class.

If you are required to isolate or quarantine, become sick, or are unable to come to class, contact me as soon as possible to discuss arrangements.

Your Well-being Matters: College/Graduate school can be an exciting and challenging time for students. Taking time to care for yourself and seeking appropriate support can help you achieve your academic and professional goals. You are encouraged to maintain a healthy lifestyle by eating

a balanced diet, exercising regularly, avoiding drugs and alcohol, getting enough sleep, and taking time to relax.

It can be helpful to remember that we all benefit from assistance and guidance at times, and there are many resources available to support your well-being while you are at Pitt. If you or anyone you know experiences overwhelming academic stress, persistent difficult feelings and/or challenging life events, you are strongly encouraged to seek support. In addition to reaching out to friends and loved ones, consider connecting with a faculty member you trust for assistance connecting to helpful resources. The University Counseling Center is also here for you. You can call 412-648-7930 at any time to connect with a clinician. You can also [visit the Counseling Center website](#).

If you or someone you know is feeling suicidal, please call the University Counseling Center at any time at 412-648-7930.

You can also contact Resolve Crisis Network at 888-796-8226. If the situation is life threatening, call Pitt Police at 412-624-2121 or dial 911.

If the situation is life threatening, call the Police:

- On-campus: Pitt Police: 412-268-2121
- Off-campus: 911
